### PARISIANS TO ATTEND

Eighth District C. W. B. M. Convention at Cynthiana Today.

The Eighth District Convention of the Christian Woman's Board of Missions will convene in Cynthiana today. The district is composed of the counties of Bath, Bourbon, Clark, Harrison, Nicholas and Montgomery and the attendance promises to be the largest in the history of the conventions of the organization.

Paris will send a large delegation to attend the meeting which will convene at 9:30 o'clock this morning. Miss Ennie May, of Bourbon who is district manager, will preside over the meeting and Mrs. Withers Davis, of Paris, will deliver the address of welcome. Those from this city who will attend are Mrs. Walter Payne, Mrs. William Myall, Mrs. Harry Kerslake, Mrs. C. Arnsperger, Mrs. R. B. Hutchcraft, Miss Bessie Wilson, Mrs. Watson Judy, Mrs. T. M. Funk, Mrs. R. S. Swango, Mrs. Lizzie Walker, Mrs. J. W. Hayden, Mrs. J. M. Rion, Mrs. Robert Goggin, Mrs. W. R. Scott, Mrs. James Arkle, Miss Susie Ashurst, Mrs. Mary Walker, Mrs. Lucy Sprake, Mrs. W. E. Ellis, Mrs. Jesse Traylor, Mrs. E. P. Clarke, Mrs. Dan Peed, Mrs. J. S. Sweeney, Mrs. J. W. Larkin, Mrs. Bettie Brown, Mrs. Russell Mann, Mrs. Nellie Highland, Mrs. Custis Talbott, Mrs. J. D. Burnaugh. From the Young Ladies Mission Circle: Mrs. Withers Davis, Mrs. Carl Wilmoth, Mrs. Houston Rion, Mrs. Logan Howard, Mrs. Taylor Chandler, Mrs. Woodford Daniel, Mrs. Tom Allen, Miss Mary F. Hutchcraft, Miss Lizzie Jasper, Miss Elizabeth Steele, Miss Clara Belle O'Neal, Miss Nannie Brent O'Neal, Miss Ruth Hadley Myall, Liberty, Mo. From the Mission Band: Fithian Arkle, Nannette Arkle, T. J. Judy, Jr., Eleanor Swango, Catherine Phillips Wallingford, Emma Lois Burley and Elmata Hinton.

### Proposed Increase Voted Down.

At the meeting of the Imperial Council Ancient Arabic Order of the Mystic Shrine, at Dallas last week, the proposed amendment to increase the initiation fee from \$50 to \$75 was voted down. The meeting of the Council in 1914 will be held in Atlanta.

### Closing Exercises.

The closing exercises of the Monterey School will be held Friday evening at the school house commencing at 7:30 o'clock. An elaborate program has been arranged by the teacher, Mrs. L. H. Pryor. An ice cream and strawberry supper has also been arranged to follow the exercises. The public is invited.

### On Trial at Harrodsburg.

A. H. Patton, the Jackson attorney, well-known in this city, charged with subornation of perjury growing out of the recent trials of D. F. Deaton and others charged with the murder of Ed. Callahan, is on trial in the Mercer Circuit Court. The trial of the case was opened in Harrodsburg yesterday with Judge Hardin sitting. The case is attracting wide attention because of its origin.

### DEFECTIVE GEAR

Caused Wreck of Auto Sunday Afternoon Injuring One.

A defective rod in the steering gear of the automobile of James Caldwell, residing near this city, caused the wreck of the machine Sunday afternoon about four o'clock, when it broke, sending the machine crashing through a wire fence, throwing the occupants out and seriously injuring Allen Ingles of Millersburg.

The accident occurred at the intersection of the Maysville and Ruddles Mills pike. The car was driven by Frank Caldwell who was accompanied by Ingles, Will Powell and Dick McDaniel, all of Millersburg.

Caldwell, it is said was driving the car at a low rate of speed when the defective rod broke, turning the car from its course in the road into a ditch and through a wire fence. The occupants were thrown out, Ingles sustaining severe injuries, while his companions escaped with a few slight scratches.

In an unconscious condition the injured man was taken to his home in Millersburg in the automobile of Mr. Orie Lebus, of Cynthiana, who happened to be passing. When he reached home he was attended by Dr. Bruce Smith.

One ear had been torn loose by the force of the fall and he was otherwise injured. Yesterday he was conscious only at intervals and his attending physician is unable to determine at this time the extent of his injuries, which though serious are not thought to be fatal.

### RELIGIOUS.

—At the conclusion of the services at the Christian church Sunday morning Mrs. Ida Goodman, who came to this city from Georgetown and Mr. Charles Adkisson, recently of Harman, Tenn., united with the church by letter.

### MATRIMONIAL NOTES

Hall—Gillispie.

—Miss Mary Hall and Mr. William Gillispie, both of Bourbon County were united in marriage Friday afternoon at the residence of the officiating minister, Rev. W. E. Ellis.

### Money Carried Man to Death.

Weighed down with coins, which he had taken in at his saloon Saturday night, Edward Buckner, a saloon keeper, was drowned in the Ohio River near Evansville, Ind., when his launch upset.

Ruckmar, together with Frank Yeager, was running a trotline, and when both leaned over the same side of the launch to pull in a large fish, the boat upset.

Yeager was rescued, Ruckmar, whose body had not been found had about \$150, mostly coin, in his pocket, and this is believed to have caused him to sink.

### Dynamite Proof Car.

The private car of the Czar of Russia is dynamite proof, and owing to its weight it could not run on the biggest part of the European lines. The car is furnished with a chapel, a library, a bath room, a drawing room and a bedroom, besides a kitchen and dining room. The Czar always travels with one chef, a man now well along in years, who served his father and for a while the grandfather of the present German Emperor.

### Broken Rope Reveals Tragic Fate.

William Crispin, 33 years old, a collector of birds' eggs, lowered himself 100 feet by a rope in the Pocono Mountains, near Easton, Penn., Friday, in quest of eagle's eggs, and fell 200 feet to his death.

Crispin had collected birds' eggs all over the country. Last week he received an order from New York for a certain kind of eagle's eggs, and set out for the Pocono Mountains to find them. He was last seen alive Friday afternoon near the place where he was killed. Saturday several women who were picking wild flowers came across his body. High up in the perpendicular mountain side they saw the end of the rope.

### Luke McLuke Says.

Lots of young folks brag that they never made a mistake in their lives. But you never hear a married man making a crack like that.

We pity the poor Cave Man. But the aforesaid Cave Man's wife could fasten her own bear skin up the back when she wanted to go out and do the diplococus dip.

Some girls are not so modest that they blush when they see a hammock hanging in a store window.

When a woman uses too much paint it is mighty hard for a man to give her the benefit of the doubt.

A girl is always willing to listen to advice from any man if he isn't her father.

Tact means that you must keep on gabbing about the weather when you have just discovered that the girl in the peek-a-boo waist isn't wearing any corset cover.

A fat woman may be foolish in some ways, but she never waists any of her money buying a bust developer.

When a fellow and a girl are talking sly peeps at each other it is a mighty good thing that neither of them are mind readers.

Tight hobble never prevents a chicken from chasing after a man.

I saw mother and daughter on the line was clear up under her arms, but mother's was just above her knees.

The story of a man's passion for a woman is written on water. The woman's story is carved in granite.

It is what you keep out of the newspapers that fixes your standing in any community.

Grandma used to blush all over when a man got a glimpse of a half inch of her hose. But granddaughter ter hoists knee high and says: "I hoists knee high and says: 'I worry.'"

A man likes to have a five-year-old girl frisk his pockets. But if she is thirty-five and tries it he hollers murder.

The Italian Government is fostering experiments with cotton cultivation in that country, which imports more than \$50,000,000 worth of the raw staple annually.

A German chemical plant which yields much hydrogen gas as a by product has built a three mile pipe line to supply it to dirigible balloons.

The tallest soldier in the German army, a theological student named Zimmerman, who is undergoing his military service at Ratisbon, is six feet, nine and three-fourths inches in height.

A new local telephone system, harbor improvements and municipal electric plant extension are being contemplated in Stavanger, Norway.

—Stock sales at Shelbyville Court Monday were of mixed varieties. Horses brought from \$25 to \$75; hogs, sows and pigs from \$10 to \$45. Eight head of Jersey cows brought from \$25 to \$40, and a yearling Jersey bull, \$25. All of the cattle were the property of Giltner Bros.

### European Travelers.

From all Atlantic ports, including those of Canada, 706,122 persons sailed for Europe in 1912. A large majority of these, 568,643, sailed from New York City. The ships of the North German Lloyd carried the biggest number of this great host of travelers, the Cunard line coming in next.

### Animal Resistance.

Some of the domestic animals are far less sensitive than human beings to poisons of certain kinds. On the other hand, they show less resisting power than men to other poisons of a different nature. It is not at a question of relative size and strength.

The use of ozone to supplement the ordinary processes of refrigeration is working well in experiments with fresh meat packing houses in Germany.

To hold spoons on a dining table a Pennsylvanian has patented a holder in which a dozen or more can be neatly nested on top of one another.

Consul Johnson, in Ghent, pleads for the growth of American business in Europe that some of the middlemen may be eliminated.

The motor is placed in the hands of a new electrical horse clipper to do away with much cumbersome machinery and permit current to be taken through a cord from a light socket.

Stones are found in Nevada which when placed apart begin to travel to a common center. The presence of lodestone or magnetic iron ore is the explanation of the phenomenon.

Experiments in Germany seem to have shown that dried potato vines have the same value for feeding stock as good meadow hay.

### POULTRY NOTES.

A good hen, good feed, good feeder  
make a good combination pretty sure  
to bring success.

Progress is usually the result of ex-  
perience.

In all experimental stages expect  
loss, and when it comes, regard it as  
educational.

The eggs of many ducks are so de-  
licately flavored and delicious as hens'  
eggs.

The wise gardner saves the drop-  
pings of the poultry houses. They  
make a valuable fertilizer, whether  
applied direct or put in the com-  
post heap, to be applied to the land  
later, and in combination with other  
things.

Good feed is food properly balanc-  
ed to build up flesh, shell and eggs in  
the shell. An egg contains calcium,  
protein and nitrogen. Feed for these.

There is big money in pigeon rais-  
ing. Squabs are always wanted by  
caterers and hotel keepers. The first  
plant is the greatest cost.

At one time the Cochins craze was  
old Dutch craze for tulips. Then  
Cochins gave way to other breeds,  
though they still have a warm place  
in the affections of poulterers.

A law of the poulterer is "the great-  
est weight in the smallest relative  
compass," or "the greatest bulk  
around the most desirable portions  
of flesh."

A number of poulterers are mak-  
ing a great favorite of the Indian  
Runner duck. They claim for it har-  
diness, freedom from vermin, fine  
flavor of both meat and eggs, and  
that it is almost immune from fowl  
diseases.

No one business in the United  
States nearly equals its egg produc-  
tion. This business half the ability and  
brain work that is spent in other  
occupations and then note the result.  
Heretofore it has been too often re-  
gulated to the weaklings on the farm.  
The high cost of living will soon  
change all this. The 50-cent egg will  
surely some time produce a demand  
for the 50-per cent. good gray mat-  
ter of the brain.

The census of 1910 gave a total of  
\$85,000,000 as an estimate of the pou-  
ltry product for this year. There has  
been a great increase since the cen-  
sus was taken.

Where the age of a fowl cannot be  
told by the legs, there is often a  
dull heavy look under the eyes of an  
old bird, which an experienced pou-  
lterer can discern at a glance.

Prof. James Dryden, of the Oregon  
Agricultural College, has a good opin-  
ion of the trap-nest. He says

"The only certain method of separ-  
ating the good layers from the poor  
is to use the trap-nest and keep a  
daily record of eggs laid. It is not  
always the fault of the feed and care  
that they don't do better. It is the  
misfortune of the hen herself very  
often; she could not lay if she wanted  
to."

"It required considerable time to  
keep a trap-nest record of a flock of  
hens. Not every farmer has the time,  
but if a few farmers in every county  
would trap-nest a flock of hens, in a  
few years all the farmers of the coun-  
ty would very likely have stock that  
were from heavy-laying trap-nested  
fowls. Where it is possible for a  
farmer to devote a little time to it  
each day, he will be well paid for  
his labor."

"It has been shown in our experi-  
ments that the poor layers during the  
first year are usually the poor layers  
the second year. If at the end of a  
full year's record all hens that had  
laid less than 100 eggs, or 120, were  
to be killed off, it would save the  
farmers keeping a lot of fowls at a  
loss for another year. From 25 to 60  
per cent. of the fowls in the average  
flocks do not pay for their keep."

When a hen is over-fat at the lay-  
ing season it is well to hold her in  
suspicion of having her laying organs  
somewhat out of order. An excess of  
some substance that is ordinarily  
used for egg-nurture has been turned  
into fat. Such a hen may lay eggs  
occasionally, but not often enough,  
or reliable enough, to make it worth  
while to keep her for her eggs. Cull  
all these birds out of the flock, if you  
want to continually breed it up to its  
best. The poor layers may be put into  
a flock by themselves and the result  
watched. Such as are poor layers or  
non-layers, will make good pot-pie, or  
chicken with dumplings, or croquettes.

Insure with W. O. Hinton.  
Prompt paying non-union  
companies.

And He Got the Pardon.  
The Judge (to the accused)—The  
lady whom you kissed against her will  
is ready not to press for a conviction  
if you ask her pardon and express  
your regret. Accused (to the pretty  
prosecutrix)—Yes, I humbly ask your  
pardon, but as a truthful man I can-  
not honestly express my regret.

After twenty years of experiment-  
ing a Philadelphia scientist has suc-  
ceeded in hatching eggs of diamond  
back terrapin in an incubator.

Chicago hotels must equip with  
fire escapes or close their doors.

About 400,000 bicycles are still made  
every year in Great Britain. Two-  
thirds are used at home and the re-  
mainder exported to many countries.

A product of Norway is wood

The ideal carriage horse is the  
American trotting bred horse, with  
size, speed, courage, and the true  
trotting gait, with plenty of knee and  
hock action. In addition he must  
have a clean cut head and neck, style  
and finish, plenty of substance with-  
out coarseness.

Recognizing the demand for this  
class of horses, I selected Taylor Sim-  
mons 23489, a young horse which fills  
all the requirements of the typical  
carriage horse. If the theory that  
"like begets like" be true, he will  
produce horses of this type when  
mated with good mares. Through his  
veins flow the blood of the greatest  
trotting families. He traces twice to  
George Wilkes and five times to Mam-  
brino Chief II. This is backed by the  
stout thoroughbred blood of Boston.

## STOCK AND FARM NOTES

—Richmond may have a fair this and a movement is said to be under way at the Madison capital with this in view.

—Mr. Joseph Connell of Paris sold last week to Mr. W. G. Leer of near Millersburg, a very fine suckling mule colt for \$137.50.

—Thomas McClintock, of Millersburg, bought of James Gibbons, of near Cynthiana, a mare mule colt, three days old for \$100.

—The Burley Tobacco Company is to have another loess leaf warehouse at Carlisle. They will either buy or erect another house. They have now of 200,000 pounds capacity.

—Cynthiana Democrat: "Jas. Gibbons, of near Cynthiana, sold to Thos. McClintock, of Millersburg, a mare mule colt three days old for \$100. How's that for high?"

—Col. John T. Woodford & Sons, of Mt. Sterling, recently sold three nice horses at private sale to Illinois parties. In all this firm has disposed of over forty head of saddle horses in the past month.

—Carpenter, Weil & Lillard, of Lawrenceburg, sold to the B. D. Martin Packing Co., of Philadelphia, 700 cattle at 8 cents and 200 at \$7.35 per hundred. They will average 1,200 pounds, and were fed at the Cedar Brook Distillery.

—Mr. Nat. Young, Jr., of Mt. Sterling, recently purchased from Mr. J. M. Donel, of Carlisle, the fine bred brood mare, Anie Howe, by Director General, sire of Main Sheet, he sire of Mainleaf, and out of a Wilkes mare. She is an exceptionally fine individual.

—John E. Madden has sold to F. R. Hitchcock eight yearlings, by Mr. Hitchcock's thoroughbred stallion, Yankee, which is now in France. The youngsters are out of Love Note, out of Witful, out of Busy Girl, out of La Sorella II, out of Raglan, out of Countess Wanda, out of Royal Gun, out of Bold Girl.

—Danville Messenger: "J. L. Beck, of near McKinney, has engaged to deliver 41 heifers to Greely Lutes to go in September at 4 1/2 c. Mr. Beck and his son, Charles Beck, delivered last week 35 hogs to the same buyer at 7 cents. They averaged 170 lbs. They will deliver another bunch of hogs the first of June that are much heavier, and will go to 200 pounds or better."

### Cleaning Vessels

A new apparatus for cleaning a vessel without docking is carried on a scow, and includes a suspended brush pressed against the hull by a propeller, which is rotated with the brush by an electric motor. A vessel of 8,000 tons is cleaned in six or seven hours.

### A Great Building Falls.

when its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25 cents at Oberdorfer's.

### Freak Mule Colt Foaled.

A freak mule colt was foaled by a mare belonging to J. W. Williams, of Lincoln county. The animal was perfectly formed except the protuberance of a miniature foot from the hocks above the normal feet. Mr. Williams had the four abnormal feet amputated, and it is believed that the scars will heal up nicely.

### Bankers Will Meet Thursday.

The Seventh Congressional District of the Kentucky Bankers' Association will hold its annual meeting in Georgetown next Thursday beginning at 10 o'clock in the morning. The main talk of the session will be made by Thos. J. Smith, Banking Commissioner, his subject being "One Year Under the New Banking Law." The visitors will be entertained with a luncheon given by the Georgetown bankers.

### Found Injured in Tunnel.

Herbert Ballard, 22, a son of John Ballard, a wealthy farmer of Madison county, was picked up in a tunnel on the L. & N. near Ford Friday afternoon with one leg torn off. He was also badly bruised about the head and body. It is not known how he came there unless he fell from a train. He was taken to the infirmary at Richmond in an unconscious condition. But little hopes are entertained for his recovery. He has a young wife and baby.

### Refrigerators.

See the Panama and Gibson lines of Refrigerators, also the New Progress in steel—best on earth.

E. M. WHEELER,  
Robneel Building.

### Plant Poisons.

An investigation of the South African disease known as lamiekete, or lame-sickness, suggests that it is due to a special plant poison that is generated under abnormal conditions in grasses or other plants that are normally harmless. Its development seems to be associated with unusual weather and soil experiences, of which summer drouth is important. Through such conditions wilting would favor the formation of the poison, and this gives explanation for the common belief that the disease results from eating wilted plants.

### Flagged Train With Shirt.

Tearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them and my stomach, head, back and kidneys," he writes, "were all badly affected and my liver was in bad condition but four bottles Electric Bitters made me feel like a new man." A trial will convince you of its matchless merit for the stomach, liver or kidney trouble. Price 50 cents at Oberdorfer's.

## Rumor Untrue.

North Middletown, Ky., May 16, 1913.  
Mr. C. A. McMillan, Paris, Ky.  
Dear Sir:

It has been talked around here that you are the candidate of certain politicians, and I have taken it on myself to ask you if these rumors are true. Very truly yours,  
J. L.

My Dear Mr. L.:—  
Your card with inquiry about my race received, for which I thank you and in reply will state:

All rumors that I am the candidate of any man or set of men; of any politician or any ring of politicians; or of any clique, or faction or machine, are without the slightest foundation whatever.

I made up my mind the early part of January to ask the people of Bourbon county for the office of County Judge, prompted solely by my own ambition to hold this high office. At that time I informed one of the prospective candidates of my intention and said to him that I would be a candidate, no matter who else was in the race; I then informed Judge Dundon of my intention and also of my conversation with the other gentleman; and at that time I informed him that I was the candidate of no man except myself.

If some of the politicians give me their aid, I will appreciate their support, but no more however, than I do yours and that of other good friends in various parts of the county.

You can say to anyone with whom you meet that I intend to see each voter in person and ask that they withhold their promises of support until I can present my claims. If elected I promise that I will do nothing to make anyone regret having given me their support and influence.

Very truly yours,  
C. A. McMILLAN.

### A Call.

Mr. C. Ernest Martin: Believing the Bourbon Fiscal Court needs among its members some live young men who can see beyond the confines of one or two precincts, we urgently request you to become a candidate for Magistrate from the Paris Magisterial District.

### MANY DEMOCRATS.

### Off for Owensboro.

Among the Sir Knights of Coeur de Lion Commandery No. 26, who will leave this morning for the sixty-sixth annual convocation which will be held this week at Owensboro are as follows:

Sir Knights M. H. H. Davis, Joseph Faris, Bruce Miller, A. H. Keller, J. A. Revelle, R. A. Horton, C. J. Clarke, H. O. James, Newton Smith, Thomas McDonald and wife, R. E. Lusk and wife, J. B. Lusk and wife, and S. J. Bagby and wife.

### Decoration Day June 3.

June 3 will be observed as the day for the decoration of the graves of the departed Confederates in the Paris cemetery. Preliminary arrangements with this in view were made at the regular meeting of the Richard Hawes Chapter United Daughters of the Confederacy held at the court house Saturday afternoon. Arrangements will be made for public address and exercises by the Hamilton Guards.

### Attend Initiation.

Messrs. Joe H. Ewalt, Joe Faris, F. P. Collier, and Dr. G. L. Rankin, of this city, attended the meeting of the Blue Licks Masonic Lodge Saturday night at which three candidates were given the third degree. The were accompanied by Everett Fryman, Allie Dodson, and T. W. Current. The latter who is Worshipful Master of the Skawhan lodge conducted the initiatory exercises, after which a banquet was served.

### Improved Lighting Device.

An improved plan for acetylene lighting consists of using portable calcium carbide containers, or gas generators, which cannot be removed for changing until the pipe or gas meter is closed, and which are sent to the supply house for recharging. With no loose or exposed carbide there is little danger of escape of gas into the house. Avoiding waste is said to make it practicable to run six twenty-five candle power lamps ten hours on a pound of carbide at a cost of 3 or 4 cents.

### Heavy Rainfall.

Rather unexpectedly the slopes of Snowden, a Welsh mountain only 3,560 feet high, has proven one of the wettest regions in the world. The average annual rainfall of the globe is about thirty-six inches; that of tropical Cherrapongee, Assam, is 610 inches with an extreme of 910 inches in 1861; and that of Maranham, Brazil, 277 inches. Seathwaite a little village of the English valley of Borrowdale, has claimed the third highest record. The meteorological office, however received reports from thirteen Welsh stations of which Lluchfaat an altitude of 2,500 feet showed the greatest European rainfall—247 inches—and 11 exceeded the 143 inches of Seathwaite.

There are about 56,527,000 cattle on United States farms.

### Latest Innovation.

The electrical auction is one of the latest innovations. It appears that weekly sales of eggs at auction are an old custom at certain market places in Holland and the plan has been involved of conducting these sales quietly and expeditiously by a novel registering of bids. Each possible buyer is assigned to a numbered seat. The auctioneer or seller has before him a dial, around which is a raising scale of all possible prices, and a large board connected with electrical numbers. The quality and weight of the usual lot of 2,500 eggs having been announced, the bids begin. The auctioneer slowly turns the hand around the dial, and as a satisfactory figure is reached the bidder presses the button, causing the figure on the board to light up and the person's number to be registered by an annunciator. Successive higher bids are recorded in the same way.

## CHILDREN'S DAY

Appropriately Observed at the Methodist Church Sunday.

The children of the Methodist Sunday School were given the right of way Sunday morning during the regular hours of service, this being the day for the annual observance of Children's Day throughout the whole country.

The church was beautifully decorated for the occasion with quantities of syringa twining the altar rail, baskets and bouquets of roses and peonies in every available place, and these together with the bright faces of the children, and singing canary birds, made an inspiring and impressive scene.

The subject, "Boys and Girls of the Bible," was admirably carried out in songs and recitations by the members of the primary and intermediate classes. Every member showed careful training and enthusiastic interest.

The march from the Sunday School room through the aisles of the main auditorium was a beautiful sight, and was led by Miss Edna Fronk, about the youngest member of the school, followed by the various classes of all ages to the pupils of the adult classes, some of whom are gray-haired men and women.

Mrs. Frank Bryan presided at the piano and Mr. Henry A. Power, superintendent of the school, announced the program, which was as follows:

Processional and song by the entire school.

Prayer.

Recitation—"Bible Boys and Girls"—Elizabeth Wheeler.

Song—"Shining"—Evyline Tingle.

Geneva Fightmaster, Mary Ruth Roberts and Lucille Chippy.

Recitation—"Bob and the Bible"—Carl Fields.

### Oklahoma Town Prospering.

Mr. J. Simms Wilson has returned from a business trip to Oklahoma, where he went to look after his interests in Pensacola, Okla., the town which has been opened within the past few months on Mr. Wilson's land, and which has had such a phenomenal growth.

A telephone exchange, a weekly newspaper and a bank are among the recent improvements to the town, besides a number of substantial business houses and residences are in process of erection.

Japanese paper umbrellas and lanterns are waterproofed with oil extracted from the rubber plant seed.

### Stringent Austrian Building Laws.

Austrian laws require that dwellings and business houses be built of solid material from interior to exterior. Building regulations in Austria are very strict and are rigidly enforced. Interior walls there are chiefly of plaster and concrete, but bricks and latas are much used.

### A Fire Proof Garage.

If you are contemplating building a garage you should first see A. J. Fee who is agent for the American Sectional Garage Co., of Detroit. This garage is portable, fire proof and is guaranteed to give satisfaction. Read the advertisement in another column.

### IRRIGATED LANDS

Near Yellowstone to Be Opened By the Government.

The United States Reclamation Service announces the availability for homestead entry some excellent irrigated farms in the well known Shoshone irrigation project near the Yellowstone Park in Wyoming and in the Huntley and Belle Fourche projects in Montana and South Dakota.

Water is now ready for delivery to these farms, and under the new three year homestead law a liberal inducement is accorded settlers in that they are permitted five months' leave of absence in each year. The cost of the water right is payable in ten annual installments without interest.

In all the foregoing districts there are already splendid transportation facilities, good roads, schools, stores, churches of practically all denominations and rural free delivery. For those with sufficient means to combine farming operations this offers an excellent opportunity to work out one's independence and to develop a paying farm.

Mr. Albert V. Leonard, Settlement Agent of the reclamation service Federal Bldg., Chicago, has available for distribution several descriptive pamphlets concerning these projects and will be glad to furnish them upon request.

## DEATHS AND FUNERALS

### BUSH-CURRY.

The marriage of Miss Ruby Bush, the daughter of Mr. and Mrs. Christy G. Bush, of Winchester, to Mr. G. A. Curry, of Paris, was solemnized at the home of the Rev. Father Herbert Hillenmeyer, at Winchester, Thursday night at 8 o'clock.

The bride wore a becoming tailored suit of tan, with hat, gloves and shoes to match. She possesses a lovely disposition, and is popular with all who know her.

Mr. Curry is associated with the Kentucky Central Life Insurance Company with headquarters at Paris, where the couple will reside. He is a son of Mrs. A. T. Curry, and is a worthy and popular young gentleman.

Mr. and Mrs. Curry left at once for their home in Paris, accompanied by a shower of congratulations and good wishes.

Attendants at the ceremony were: Misses Margaret and Mary Curry and Miss Frances Bush.

### Cure For Stomach Trouble.

Disorders of the stomach may be avoided by the use of Chamberlain's Tablets. Many very remarkable cures have been made by these tablets. Sold by all dealers.

### Porto Rico's New Wonder.

From far-away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Raymond T. Marchan, of Barceloneta, writes: "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest, and more than 20 other, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merits. 50c \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

### Stonewall Jackson.

The New York World of May 2, contained the following:  
Fifty years ago to-night there fell mortally wounded at Chancellorsville one of the great captains of the English-speaking races.

Lee, who called Stonewall Jackson his strong right arm, once said he would have won Gettysburg if Jackson had been there. Be that as it may, the almost uninterrupted victories of the Army of Northern Virginia ended when Jackson passed away. Chancellorsville marked the flood-tide of the Confederate arms. Two months later came Gettysburg and from thence on to Appomattox Lee's forces, despite all their marvelous courage and tenacity, were never again invincible.

Jackson place in military history is unique. Most great reputations were made by long years of service. His career was compressed into a scanty twenty-two months from that day in July, 1861, when Bee pointed to him "standing like a stonewall" at Bull Run, to the early May day in 1863, when he marched his corps around the front of Hooker's army, smashed in its right flank and gave the Confederacy its most brilliant victory only to fall under the fire of his own men.

A terrible partnership was that between the Cavalier and the Puritan; between Lee, who embodied the chivalry of Virginia, and Jackson who was the direct spiritual descendant of the men that fought under Cromwell at Naseby. In all crises the two men seemed to fight with a single brain and a single purpose, destitute alike of the jealousy and intrigue that all but wrecked the army of the Pottomac.

Jackson presents a strange, appealing figure on the pages of history. He was as gentle and gracious as Lee, as silent and taciturn as Grant, as daring and audacious as Stuart or Sheridan, as relentless as Sherman, and with it all there was an intensely religious fervor that belonged to the seventeenth century rather than the nineteenth. The war to him was a holy war. He went to battle with a prayer on his lips, and he went from the battle to give thanks to God who had crowned his army with victory—

Appealing from his native sod in forma pauperis to God,  
"Yay bare thine arm—stretch forth thy rod.  
Amen!" That's Stonewall's way.

Even the bullets that struck him down he regarded as providentially directed by a definite Divine purpose. There is no more mendacious phrase than that of "a born soldier," but here was a man who was beyond question a born soldier—a soldier who hated war, who was dazzled neither by ambition nor glory, who fought for principle and principle alone and whose military genius was elemental. Peace to his ashes. A united nation can be proud that he was numbered among her sons.

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are always better than all other soda crackers, always of unvarying goodness.

The name "Uneeda"—stamped on every biscuit—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked. Five cents.

### Surveying in Perry County.

Mr. H. L. Whaley, of Paris, left Friday for Hazard, Perry county, to survey about 10,000 acres of timber and coal lands for a land company and will be joined in a few days by Mr. Lee T. Beall and Mr. Cassius M. Clay, Jr. The land is located on Troublesome Creek.

### Increase in German Navy.

There has been a steady increase of the navy in Germany. In 1900 he tonnage of warships and large cruisers over 5,000 tons was 152,000; in 1911 it was 223,000. The number of heavy guns in 1900 was 52; in 1911 was 330. The horsepower of engines in 1900 was 160,000; in 1911 it was 1,05,000.

### L. & N. Sued by Paint Lick Citizens.

Eight suits for an aggregate of \$40,000 have been filed in Lancaster against the Louisville & Nashville railroad company for damages alleged to have been sustained by the citizens of Paint Lick from the flood of last March, due as alleged to the company having negligently constructed a bridge directly east of the town in such a manner as to divert the water of Paint Lick Creek from its natural channel so as to flow through the village to the injury of the plaintiffs. The suits are as follows: Fish & Hammack, \$10,000; Guy Rice, \$10,000; Treadway & Woods, \$5,000; G. W. Gonn, \$6,000; J. M. Metcalfe, \$3,000; Martha Ely, \$2,500; O. L. Hammack, \$2,000, and Catherine Ely, \$2,000.

# GREAT MAY REDUCTION SALE!

Began Yesterday, May 19, at 9 a. m.

WE have inaugurated the greatest value giving sale ever attempted in Central Kentucky. This Reduction Sale has been forced by circumstance uncontrollable by us, namely the delay of merchandise for early selling caused by strikes and floods, a backward season and lastly by important building operations in our vicinity which has caused much inconvenience to our patrons and customers. We have therefore decided to clear our shelves of all this season's desirable merchandise by sacrificing our own profits, thereby giving our patrons the opportunity to lay in a supply of desirable clothing and household necessities at very economical prices. Come early and stay late and enjoy this

Great Feast of the Highest-Class of Ladies' Merchandise Ever

**HUSBAND RESCUED**  
**DESPAIRING WIFE**

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side."

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

Look to Truth for Progress.  
Progress by precedent is like a sailor steering his boat today by his course yesterday, or like a lost hunter guiding himself by his own footsteps; the result being, in both cases, that the only progress is in a circle. The past has its use, which is mostly for warning. To get on humanity must not look to the past, not to the present, not to the future, but to truth, which is "the same yesterday, today and forever."

**For Cane Seats.**  
When cane bottomed seats sag, sponge both sides of the cane with hot soapsuds in which a handful of salt has been dissolved, then stand the chair in the open air. Treated like this, the seats will become as firm as when new, shrinking into place.

**Good Sleeper.**  
Their political dispute, according to the account in the Kansas City Star, had not been confined to words, and at last one of the antagonists, with great dignity, said to the other: "Sir, you have called me a crook and a fool, you have broken my spectacles, you have punched me twice. I hope you will not rouse the sleeping lion in my breast, for if you should, I cannot tell what may be the consequences."

**Notoriety.**  
The steer that gets crosswise in the siding chute may attract the most attention, but it doesn't make any better beef than the rest of the herd.—Maryville Tribune.

**After Material.**  
Editor—"Why do you persist in coming here? I tell you I don't buy fiction." Author—"Oh, I don't wish to sell any of my stories. I am writing a short serial, entitled 'The Ugliest Man on Earth,' and came in merely to obtain local color."

## NEWS OF MILLERSBURG

—Col. and Mrs. Best was in Cincinnati on business Monday.

—Mr. and Mrs. A. T. Vimont have returned from a few weeks' sojourn in Chicago.

—Mrs. Belle Taylor and daughter, Miss Mary Taylor, visited relatives in Cincinnati, Friday.

—Mr. M. M. Thompson returned Saturday from Batle Creek, Mich., where he spent a month. He is much improved.

—Rev. J. D. Redd, of the Methodist Church, is in the mountains of Eastern Kentucky doing missionary work for two weeks.

—The result of the ball game yesterday between Georgetown and M. M. I. resulted in a score of 15 to 2 in favor of M. M. I.

—Miss Drusie Eliot, assistant teacher in the public school left Friday for her home in Paris, the school having closed that day, after a successful year.

—Harris, the little son of Mr. and Mrs. T. D. Tackett, was severely bitten on the forehead Saturday by a dog belonging to Mrs. Elizabeth Miller. The same dog some time ago bit Wadsworth, the little son of Mr. and Mrs. Mrs. D. F. Jones.

—The Seniors of M. M. I. entertained the young ladies and faculties of M. F. C. with a lawn party Saturday afternoon from four to eight. The ground was beautiful, as the beautiful girls nicely dressed, the cadets in dress uniform moved about the ground they afforded one of the prettiest sights ever witnessed in Millersburg.

—At the meeting of the friends of the lost leaf warehouse Saturday afternoon considerable money was raised. It was decided to hold another meeting next Saturday and if the amount necessary for such a house is not then forthcoming the matter will be dropped. However, it is safe to say the necessary amount will be forthcoming, as Millersburg people will not permit the proposition to fall through.

—The commencement exercises of M. F. C. was continued Friday night with a cantata in the M. F. C. chapel, largely made up of the primary department, under the direction of Miss Wilson, the principal of that department. Notwithstanding that the weather was unfavorable the spacious auditorium was filled to its utmost.

The stage was beautiful, being heavily banked with flowers, and the costumes were especially attractive. There were more than seventy people in the exercises, and it was decidedly the best entertainment of the kind ever given in Millersburg. Miss Wilson was the recipient of many compliments. She returns next year, and it was with much gratification to the patrons of the school and the many friends she has made since coming here.

Monday morning at 10:30 o'clock. The work was given over to the alumnae of the college, and quite a number were present. The program was good. The exercises were presided over by Mrs. W. S. Judy, President, and Mrs.

Charles Martin, Secretary, both of Millersburg.

When the roll call was called by years from 1855 including 1913, it was both interesting and effective. Mrs. America Butler was the only one representing the class of 1855. An excellent musical program was rendered by the Alumnae. The principal feature of the exercises was the address by Judge Dennis Dundon, of Paris, an old Millersburg boy.

At the close of the exercises the Alumnae went into business session and decided to hold its reunions biennially instead of annually as at present. At 1 o'clock the Alumnae banquet was held in the dining room of the college, the Alumnae going in by classes. There were several visitors present. The banquet was very elaborate, and at the close a number responded to toasts. Miss Maymie DeLong, one of the faculty, presided as toastmistress. She proved a most excellent toast mistress and made every one feel free and easy and willing to talk. The following responded to toasts: Agnes Purnell, "Alumnae Days"; Miss Hortense Letton, "Wood Memories"; Miss Maud Dacres, "Class of '81"; Mrs. Frankie Allen Harris, "Poem Reading"; Miss Elizabeth McClintock Ingels; Mrs. Arthur Best, "The Future Alumnae of M. F. C."; Mrs. Elizabeth Pery, Millersburg.

At the close of the regular program a number of extemporaneous toasts were responded to which were very spicy.

At 8 o'clock Saturday evening the annual concert was held in the college chapel. The program was classical and well rendered. The audience was as large as on the previous evening.

Sunday at 10:30 a. m., Rev. S. K. Struve, of Clarksburg, W. Va., preached the baccalaureate sermon at the Methodist Church. The auspicious auditorium and Sunday School room was filled to overflowing and many were turned away. The musical program was exceedingly attractive, the discourses rendered by Rev. Struve was appropriate and fully up to the average.

Sunday evening at 8 o'clock Rev. E. G. B. Mann, Presiding Elder of the Maysville District, preached the Missionary sermon to the Y. W. C. A. of the college at Methodist Church. This address was to have been delivered by Mrs. Spillman, of Harrodsburg, but owing to illness at home she was unable to attend. Another equally good musical program was rendered. Mr. Man also delivered a most excellent discourse. Dr. Fisher read a report of the Missionary work of the college during the year, and a collection was then taken, which will be added to the college work.

The following is a partial list of the members of the Alumnae Association present: Judge Denis Dundon and wife, Mrs. John Connell Mrs. W. G. McClintock, Mrs. W. O. Hinton, Paris; Mrs. Smith Clark, Winchester; Mrs. John VanDoren, Cincinnati; Mrs. Wigglesworth, Owensville; Mrs. Jno. Pery, Mrs. Clarke Bascom, Owensville; Mrs. D. E. Herper, Miss Maud Dacres, Carlisle; Miss Ida Lightfoot, Miss Clara Peck, Miss Eldiva Saunders, Flemingsburg; Miss Margaret Wood, W. Va., Miss Myrtle Harris.

The following is a partial list of guests attending the commencement exercises: Mrs. Willis McKee and

## Embarks in Shoe Business.

Mr. John Webb, who for the past few years has been connected with the Lexington tobacco market, is about to establish a retail shoe business in Lexington. Mr. Webb has rented a store room on Main street, in Lexington, and plans to open with an attractive and up-to-date stock of goods as soon as possession of the room can be secured.

Mr. Webb formerly resided in Paris, where he was engaged in the retail shoe business for years. He is well-known in Bourbon, and his friends predict that he will be successful in his latest business venture.

## Weakened Kidneys.

Kidney sickness often runs you down to the verge of collapse before you know the cause. When you seem to pin your mind to any task, your back aches and you cannot do an ordinary day's work, it is time to ask yourself this question: "Are my kidneys working right?" The answer may be easily found.

Weak kidneys slacken their filtering work and the uric acid circulates with the blood, in many cases attacking brain, nerves, muscles and vital organs. Don't wait for the serious trouble—begin using Doan's Kidney Pills when you feel the first backache or first notice of urinary disorder. This remedy has given new life and new life and new strength to thousands.

Proof of merit in a Paris citizen's statement:

Mrs. Hodge, 221 West St., Paris, Ky., says: "I had dizzy and nervous spells and my back and head ached, showing that my kidneys were weak. When I saw Doan's Kidney Pills advertised, I used them and they gave me entire relief."

6may-1f NERVOUS TROUBLES DRIVE AWAY HAPPINESS.

Tona Vita Will Quickly Drive Away the Nervous Troubles

People who are run down in health who are worn out, nervous and half sick, are apt to be thoroughly discouraged. They are half-hearted, listless and depressed and feel that this is a terrible world with many pains in it and few pleasures.

This state of mind is recognized by physicians as a common symptom of nervous debility.

If you are one of the many Americans who are suffering with nervous breakdown or nervous exhaustion, you can get back your old health and spirits in a few weeks' time. Go to your druggist and obtain a bottle of Tona Vita. This remarkable tonic is helping thousands back to health and it will not fail in your case. In fact it never fails. You will be astonished how quickly it will build you up both in mind and body.

Tona Vita is sold by Chas. E. Butler & Co.

## License Must Be Procured.

Railway news companies selling soft drinks to passengers on the trains, must procure a license from the county clerk in each county through which the railroad passes or the soft drinks are sold, to escape the penalty provided by the statute for selling soft drinks without a license.

Auditor Boyworth Friday announced this rule in response to an inquiry of the Van Noy News Company, which asked if a blanket license to sell soft drinks in the state would not cover all of the counties.

Auditor Boyworth said that he wanted it distinctly understood that blanket licenses would not cover cases like this, nor street fairs, midways and other such organizations.

## The "Sweet Jar."

The June Woman's Home Companion contains an article entitled "How to Use June Roses." Several old-fashioned roses petal recipes are included. Following is an extract:

"There are roses in jars that are called 'sweet jars'; these are for the scenting of halls and parlors. They are nice in the dining room where they can be opened and stirred before meal-time, and they are exquisite in the sleeping rooms, for their effect upon the nerves is very soothing."

"As important as the sweet jar is the aromatic jar. This made with rose leaves for a base, but it does not stop with them by any means. The aromatic jar is heavy with spicy odors; it is scented with pinks, it breathes of cinnamon and has a suggestion of frankincense and myrrh."

## Methodists in England.

There are only about 1,000,000 Methodists in England, and comparatively few of them are rich, but they have just finished a cathedral in London which cost \$5,300,000. It was built by a vast number of small contributions and very few relatively speaking, which were for large sums.

At Leipzig the university is not merely a German university but it is first and foremost the University of Leipzig—a municipal institution.

## Nine Hours Sleep Says Wilson.

These are busy days at the White House. President Woodrow Wilson rises early, has breakfast at 8:30 and is at work at nine. He shaves himself and the barbers of Presidents Roosevelt and Taft are without occupation. President McKinley was able to perform the operation without a glass in front of him, while President Wilson uses glasses upon glasses.

The President is a firm advocate of the simple life. He seldom remains up later than eleven o'clock and even on the night of his inauguration it is said that he excused himself at 10:30 and retired, so the orders are "lights out" at 11—a contrast to the midnight lights often burning to two or three o'clock in the morning, when President Taft was in the White House.

President Wilson is an advocate of sleep—he requires it, said, nine hours though Napoleon may have decreed five sufficient and Edison three. The new President has a fondness for guests at luncheon, and delights in an old-fashioned visit. He has his dinner hour at seven sharp, instead of at eight, as during the previous administration, and some say he has indulged to the evening meal often as "supper."—Affairs at Washington, by Joe Mitchell Chapple, in the National Magazine for May.
